

2024-25 Service Fee Breakdown

Students who have paid the full Health & Counseling Fee (HCF) *and* enrolled in the Student Health Insurance Plan (SHIP) are considered to have BOTH, and pay no out-of-pocket cost for most HCC services.

Current Procedural Terminology (CPT) is developed and copyrighted by the American Medical Association — items below are grouped by general service type with CPT codes listed to aid in clarity.

For additional information including breakdown for other services, visit www.du.edu/hcc

Injections & Immunizations

Students are required to pay for all HCC services at the time of their visit. **The HCC does not bill insurance companies or Medicaid** — those with alternate coverage are responsible for seeking reimbursement from their insurance carrier. Students may also receive an invoice for services that were not billed at the visit (such as laboratory tests).

Incoming Graduate Students electing the Counseling-only Fee do **not** receive discounts on Medical or Laboratory Services.
