Joint Guidance on Mutual No Contact Orders and Location Restriction Orders¹
University of Denver
Office of Student Rights & Responsibilities
Office of Equal Opportunity & Title IX

The University of Denver (University) defines a Mutual No Contact Order and a Location Restriction Order in the 2021-2022 Honor Code as follows:

A Mutual No Contact Order is a written directive for the identified parties to avoid all contact and/or communication with one another. Unless expressly stated otherwise in the Mutual No Contact Order, contact is defined as communicating in person, communicating through a third party, and communicating through all forms of written and/or electronic contact (including phone, email, texting, and social media). The Mutual No Contact Order may apply to other forms of contact, as the University deems appropriate under the circumstances.

A Location Restriction Order is a written directive for one or more identified parties not to enter a designated portion of University Premises. The written Location Restriction Order will define the space to be avoided, which may include particular rooms, buildings, outdoor areas, events, or other spaces as described in the Location Restriction Order. The Location Restriction Order may also require a housing reassignment or reassignment to a different section of a course for one or multiple individuals identified in the Location Restriction Order.

Mutual No Contact Orders and Location Restriction Orders are not considered disciplinary in nature; however, failing to comply with the terms of the Mutual No Contact Order and/or Location Restriction Order may constitute a violation of the Student Rights & Responsibilities Policies.

This Guidance outlines the process for requesting and the determination whether to issue a Mutual No Contact Order and/or Location Restriction Order.
