## How do I get my prescriptions filled?

- You will want to talk to your current provider about prescribing across state lines (if applicable), whether your current prescription is able to be filled at a pharmacy close to D.U., and if you will need to frequently meet in-person with your provider to have your prescriptions renewed. If so, it's important to ask your provider for a referral to a provider in the D.U. area or meet with an HCC counselor to discuss next steps.
- Please note, we will have a Webinar on August 12<sup>th</sup> with a representative from the Health and Counseling Center.
