## UNIVERSITY OF DENVER

## 2026-27 Service Fee Breakdown

[www.du.edu/hcc](http://www.du.edu/hcc)

As the HCC begins accepting external insurance plans this school year, direct service costs to students will vary based on their coverage plan and annual usage (such as deductibles and out-of-pocket maximums).

The table(s) below summarizes basic cost categories for some, most common charges of this type. Please visit our [Service Fee webpage](http://www.du.edu/hcc) for full explanations: [www.du.edu/hcc](http://www.du.edu/hcc) > Insurance & Fees.

**Payment** is expected at the time of service (end of the appointment). Students may also receive an invoice for services that were not billed at the visit (such as laboratory tests). If billed to insurance, ultimate costs to students may also depend on your usage and plan's annual deductible and out-of-pocket maximums.

**Medications through HCC Dispensary** - These are only a few of the available medications. Contact us for additional details and pricing.

NOTE There is **no self-pay discount** for these medications, as price is basically already at cost.

The HCC does not sell these medications over the counter; only when prescribed by our providers.

| Dispensary Medications                               | Full Rate | Insurance                     |
