• **Community Safety & Security**

Students' sense of security deeply affects their wellbeing and ability to succeed. That's why safety is a top priority for HRE and we *need your help*. **Use your DUID to tap in and don't let others in behind you if they haven't tapped. Propping doors is a policy violation** and leaves our communities open to access by unauthorized individuals. Small choices you make can help us promote a culture of safety in our communities!
